**Re: Resolution in Support of Removing 90-Day  
Moratorium on Brownfield Cleanup Program Applications**

Please be advised that the New York State through the NYS Department of Environmental Conservation (DEC) has initiated a 90-day moratorium on Brownfield Cleanup Program applications. A crucial part of the financing package for the Remington Rand Project which, as you are aware, is being developed by Kissling Interests, LLC, is this incentive. The project presently has an application submitted to the DEC. The local DEC in Buffalo has approved the application which has been forwarded to the DEC in Albany.

As you will note on the attached, a resolution will be presented at the Niagara County Legislature meeting on Tuesday, May 6<sup>th</sup>, 2008 requesting the removal of the moratorium for the outstanding applications in Niagara County.

I am requesting that this honorable body pass a resolution in support of the County resolution. (A supporting resolution from the Common Council of the City of Niagara Falls will also be presented at their regular meeting on Monday, May 5<sup>th</sup>.)

Thank you for your consideration in this matter.

Sincerely,  
James B. Sullivan  
Director

**MOVED by Alderman Donovan                      SECONDED by Alderman Brick**

**WHEREAS, New York State established the Brownfield Cleanup Program (BCP) under Title 14 of Article 27 of the Environmental Conservation Law as part of the 2003 Superfund/Brownfield Law to encourage and incentivize private sector remediation and development of contaminated real property threatening the public health and welfare because of the failure of publicly funded and other liability programs established to accomplish these same objectives, and**

**WHEREAS, through the BCP taxpayers are offered incentives in the form of tax credits and New York State liability relief to remediate and redevelop brownfield sites where investment would not otherwise be economically feasible and historically has not occurred, and**

**WHEREAS, the Niagara County Legislature has identified brownfield remediation and redevelopment as an economic development priority as evidenced by establishment of the Niagara County Brownfields Program in 1999, and**

**WHEREAS, one vital component of the Niagara County Brownfields Program is implementation of a \$1 million Niagara County Brownfields Cleanup Revolving Loan Fund Program, funded by the United States Environmental Protection Agency, which will provide financial incentives for remediation of brownfield sites throughout Niagara County, and**

**WHEREAS, participation in the Niagara County Brownfields Cleanup Revolving Loan Fund Program is directly tied to acceptance into the New York State BCP or the New York State Environmental Restoration Program, and**

**WHEREAS, the New York State BCP has generated \$1 billion in BCP tax credits for 54 projects throughout New York state to date, and**

**WHEREAS, less than .01%, or only \$100,000 of the \$1 billion in BCP tax credits are being delivered to Niagara County for a single BCP project, and**

**WHEREAS, two significant BCP projects have been proposed in Niagara County, the Northern Ethanol Project (Northern Ethanol LLC (Canadian Company) – City of Niagara Falls \$240 million ethanol facility on industrial and contaminated site creating over 105 new jobs) and the Remington Rand Building Project (Kissling Interests, LLC – City of North Tonawanda \$14 million work/live lofts and mixed use rehabilitation of contaminated former manufacturing facility creating over 100 new jobs) both of which are eligible for the BCP and both of which made submissions for acceptance into the BCP in December 2007, and**

**WHEREAS, the New York State Department of Environmental Conservation (DEC) was required to make BCP eligibility determinations for both the Northern Ethanol and the Remington Rand Building Projects by March of 2008, and**

**WHEREAS, the remediation of the contaminants located at these two project sites will protect the public health and welfare, will generate approximately \$254 million in new investment within Niagara County, \$14 million of which will be targeted to the City of North Tonawanda and will create approximately 125 new jobs in the City of North Tonawanda and 274 new jobs overall in Niagara County, and**

**WHEREAS these two projects were conceived on the existence of and acceptance into the BCP, these projects are dependent upon BCP tax benefits and liability relief, these two projects would not even have been proposed but for the BCP, and BCP acceptance is a contingency for both projects to be undertaken, and**

**WHEREAS, letters of support for both projects were submitted to the DEC from New York State senators and assembly members, county agencies, and various private businesses, and**

**WHEREAS, Kissling Interests, LLC cannot effectively raise capital for its Remington Rand Building Project because of delays by the DEC in issuing BCP acceptance and delaying such a determination until July 24, 2008 (the running of the 90-day BCP acceptance moratorium) seriously jeopardizes both projects given contamination concerns,**

BCP uncertainties, and today's already tight credit markets and down turning economy.

**NOW THEREFORE, THE COMMON COUNCIL OF THE CITY OF NORTH TONAWANDA, NIAGARA COUNTY, NEW YORK HEREBY RESOLVES (by affirmative vote of not less than two-thirds of all the members of such body), AS FOLLOWS:**

**RESOLVED, that the Common Council of the City of North Tonawanda, Niagara County, New York go on record in support of the immediate removal of the 90-day moratorium on BCP applications specifically for BCP applications that were submitted prior to the April 23, 2008 effective date of the 90-day BCP acceptance moratorium and be it further**

**RESOLVED, that the Common Council of the City of North Tonawanda, New York ask our New York State Legislative Delegation to compel the New York State Legislature to meet immediately with Governor Paterson and the Regulatory Agencies involved, demanding that this 90-day moratorium not be applicable with respect to BCP applications submitted prior to April 23, 2008, the effective date of the 90-day moratorium, in order for these very important economic development projects to move forward in the City of North Tonawanda and Niagara County, and be it further**

**RESOLVED, that the Common Council of the City of North Tonawanda, Niagara County, New York request the Commissioner of the DEC to immediately determine that the Remington Rand Building project is eligible for participation in the BCP effective upon the earlier to occur of either the lifting of the BCP acceptance 90-day moratorium or July 24, 2008, and be it further**

**RESOLVED, that a copy of this resolution be forwarded to NYS Senator Antoine M.
