Re: Proposed electrical inspection fees
In addition to permit fees

PLEASE NOTE: Electrical Permit Consists of Permit Fee AND an Inspection Fee.

Electrical permits are \$20 (if the cost of the job is between \$1 - \$3000). If the cost of the job is *over* \$3000, round up to the next thousand and multiply by six (6).

Example: If the cost of job \$4,200, round up to \$5,000. $5 \times 6 = \$30$ Cost of permit is \$30. Then add cost of inspection fee.
