There will be a \$50 fee charged for extra inspections, payable by the next business day.

There is a \$50 fee, plus double the permit fee for late filing.

Section 69-82 states that the penalty for commencing plumbing work without a permit is \$250 in addition to double the original permit fee per day.

Also, the penalty for working without a plumbing license is \$250 per day until a license is issued or until a plumber licensed in the City of North Tonawanda obtains a permit, for the original work, started by the unlicensed plumber.
