## **Mayor Announces Lawn Sprinkler System Completed At City Hall by Huron Sprinklers, Inc.**

NORTH TONAWANDA—City of North Tonawanda Mayor Robert G. Ortt has announced that the installation of a new lawn sprinkler system that was donated by Huron Sprinklers, Inc. was recently completed at City Hall. Huron Sprinklers has been in the lawn irrigation system business for the past 20 years and its main office is located at 299 Payne Avenue in the City of North Tonawanda.

“As a small business, I wanted to give back to the community and help make North Tonawanda a nicer place to live”, stated Anthony Pulli, owner of Huron Sprinklers. “I wanted to add a special touch with the beautification efforts that have been made this past year with the landscape at City Hall.”

Mayor Ortt stated, “I want to thank Tony and his company for their generous contribution to our City. Having a local business give back to the community in this manner is very much appreciated.”
